    <h2>About Our Academy</h2>
    <p style="font-size: 30px;">
        Sunset Music Academy is a premier institution offering comprehensive music
education
        for students of all ages and skill levels. We specialize in classical piano,
guitar,
        violin, vocal training, and music theory. Our experienced instructors nurture
talent
        and inspire creativity through personalized lessons. We are committed to
developing
        musical excellence while fostering a lifelong appreciation for the arts.
    </p>
    <br>
    <h2>Our Methodology</h2>
    <p style="font-size: 30px;">
        We provide a structured curriculum combined with flexible teaching styles that
        adapt to each student's pace and goals. Our programs emphasize both technical
        proficiency and artistic expression, preparing students for performances and
exams.
    </p>
    <br>
    <hr>
    <h2><b><i>Our Vision</i></b></h2>
    <p style="font-size: 30px;">
        To inspire and cultivate the next generation of musicians by providing world-class
```

```
        music education in a supportive and enriching environment. Our core values
include:
        delivering personalized instruction tailored to individual learning styles,
creating
        opportunities for live performances and collaborative experiences, maintaining
high
        teaching standards with certified professional musicians, and building confidence
        and discipline through the power of music education.
    </p>

        <div class="text">
          <p>
            The Outpatient Department (OPD) is the first point of contact for
            non-emergency medical consultations, follow-ups, and routine care.
            It offers scheduled appointments across multiple specialties,
            preventive services, and minor procedures that do not require
            overnight stay.
          </p>

          <p>
```

```
            OPD services focus on efficient patient flow, clear appointment
            scheduling, and accessible information. Clinics coordinate with
            diagnostics and pharmacy services to complete care in a single visit
            whenever possible, improving patient convenience and satisfaction.
          </p>

          <p>
            Skilled outpatient teams provide continuity of care through
            referrals, education, and management plans for chronic conditions.
            The OPD emphasizes patient-centred communication, streamlined
            paperwork, and follow-up arrangements to support long-term health
            outcomes.
          </p>
